Engine Make: MTU
Engine Power: 3700,
3700, 5600
hp
Hull Material: Fibreglass
(GRP)
Price: EUR
2,100,000
Tax Status: Tax Not Paid

Description

This Pershing 115 is probably the best high performance yacht offered today with speed in excess of 50 knots.

She combines elegant style with high technology and the comfort of a luxury super yacht.

2 Global refits have been completed in 2011 and 2019 with many cosmetic improvements to her interior and exterior. The complete technical upgrade brought her back to perfect functional condition, and includes 5 year survey.

(100hp) single jet drive - Seadoo Jet
Ski, 3 persons
- Cockpit Cushions
- Swimming Ladder - sideboard ladder

Covers

- Bimini Top - new bimini for
sunchairs on flybridge

Manufacturer Provided Description

Whatever the context, the harmony of this maxi-yacht's dimensions never fails to amaze and when the craft is at sea it becomes almost impossible to guess its real size. The sense of proportion and design in every part of the craft's concept has insured that it is elegant, comfortable and stylishly streamlined. The Pershing 115' was an exiting challenge: yacht designer Fulvio De Simoni, the Pershing and Ferretti group engineers and all the project staff worked passionately together on it as a team for 18 months. The result is a maxi-yacht that encapsulates and enhances all the features that have always distinguished Pershing yachts and made them unique on the worldwide nautical scene. The Pershing 115' is the ultimate interpretation of the company philosophy "yachting into the future".
